

WENATCHEE VALLEY FLY FISHERS

The Wenatchee Valley Fly Fishers and its members are dedicated to Fly Fishing as an art form, and enjoyable sport and a unique and quality method of fishing which is most consistent with and respectful of nature.

OBJECTIVES OF THE CLUB

The Corporation is organized exclusively for charitable, educational, and scientific purposes.

Studies of fish, water and watershed managements to improve the understanding of fisheries managements and the surrounding ecosystem.

Education and other activities which promote the above objectives and which will inform and encourage participation by the membership.

Encourage the education of the public to the value of fish and conservation.

Supporting efforts that the club and its membership believe will protect and/or enhance sport fishing in general and fly fishing in particular.

Protecting, conserving, enhancing and propagating fish through the voluntary practice of catch and release and through other measures.

The premise that fellowship and camaraderie among fly fishers should be enjoyable.

Good sportsmanship is the creed of all fly fishers.
